# FAX MESSAGE

TO: TONI BAVA

FAX# 415-882-9532

From: JIM LYNCH

Date & Time: 21 Feb 1994 4 PM

Hi Baby!

One last message before we leave the wonders of Puerto Morelos for the wilds of Nah-Bec.

I finished the last day's netting at Felipe's ranch today. The birds were few and far between, but the weather has been beautiful.

You'll be interested to know that all those tiny insect-caused lumps and bites you suffered have now descended on me. I think it will be several weeks before the skin on my arms and legs looks normal again. White man's burden, I guess.

How were things when you got back?

Not totally insane, I hope. I've been thinking lots about you, and I miss you terribly. I'll try to phone you from the little pay-phone booth in P. Morelos this evening. Heri's hoping that I reach you, but if I don't - please know you are close to my heart. Take good care of yourself, Sweetheart.

Love, Jim
